

PRACTITIONER TRAINING

Roundtable Session 3:

Family Reunification

What mindsets are important for family reunification to be possible? (Director's, Staffs, and Family)

What policies must be in place before beginning family reunification?

How does supervision support decisions about placements?

What barriers exist to successful family reunification?

How does case management inform child placements?

How does community mapping support family reunification?

Why is Mick in the business of changing generational mindsets?
